

PROSHOP FOR POWER

Maximize Battery Performance - Reduce Maintenance Costs

MAINTAINABLE OR MAINTENANCE-FREE 6V, 8V, & 12V Batteries

US BATTERY With XC2™ Diamond Plate Technology® for the highest initial capacity, highest rated capacity and the ability to reach peak capacity in fewer cycles.

DISCOVER BATTERY Clean & Green® Maintenance-free, non-spillable battery technology with ultimate vibration resistance and longer life.

INTUITIVE CHARGING TECHNOLOGY

DUAL PRO® CHARGERS Fully Automatic, Intelligent Chargers are designed for tough-duty Golf Cart Applications. For use with Lead Acid Wet, AGM and Gel battery technologies.

SIMPLIFY MAINTENANCE & EXTEND BATTERY LIFE

PRO-FILL™ On-board Watering Systems provide time-saving convenience for battery maintenance while extending the life of your battery investment.

PULSETECH® MAINTAINERS extend your battery life and provides greater charge acceptance so batteries recharge faster.

PCS BATTERY FUEL GAUGE measures a battery's energy state with precision, and accurately displays the information.
