

Combines Maximum Maintenance-free Motive
Power Capacity & Intelligent Charging Technology
In A Drop-In Pack. Designed For Walkies & Pallet Jacks.

Available in 24 Volt:

12 MONTH
Warranty

18 MONTH
Warranty*

24 MONTH
Warranty**

TRACTION PACK™ is a system of the highest quality and performance power components working together to achieve maximum equipment performance and productivity.

EV TRACTION DRY CELL BATTERIES

Maintenance-free | Sealed Non-Gassing

Maximize equipment productivity and battery cost efficiency by utilizing proven Deep-Cycle Traction Dry Cell Technology for motive power applications.

- Traction technology designed for deeper-discharge and high-cyclic motive applications.
- Sealed non-gassing and non-spillable to safeguard against spill-related injuries and equipment damage.
- Maintenance-free, Clean & Green choice of top Original Equipment Manufacturers.
- Available in multiple battery and Amp-Hour configurations providing a wide-range of capacity options.

INTUITIVE AUTOMATIC CHARGERS

Fail-Safe Operation | Opportunity Charging Safe

Optimized battery performance with fully automatic, intelligent and intuitive charge system management.

- Intelligent charger design performs charge evaluations and confirms the state of charge prior to commencing charging.
- Protects your battery investment by providing proper charge algorithm and fail-safe operation.
- Intuitive charger functionality ensures maximum restoration of battery amp hour capacity for longer run-times.

PULSE BATTERY MAINTAINER

Prevents Sulfation | Extends Battery Life Up To 5X!

Reduces and prevents battery plate sulfation and increases capacity.

- Patented pulsing technology dissolves sulfation build up, which increases battery reserve capacity.
- Having clean battery plates allows deeper discharge, ensuring peak battery performance and significantly increasing run-times.
- Provides greater charge acceptance so batteries recharge faster.

3 PACK OPTIONS:

TP24V512-IND

TP24VGC6-IND *

TP24VGT6-IND **

CASE SIZES:

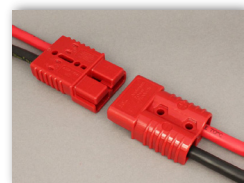

(L) 25.06" (W) 7.50" (H) 24.88"

(L) 25.81" (W) 7.50" (H) 24.88"***
