

HARRIS

BATTERY COMPANY

Harris Professional Plus Specifications

Farm and Lawn & Garden Equipment

Harris Battery has been providing our Lawn Mower, Tractor and Utility battery distributors with stored power solutions for over 40 years. Harris Battery offers a wide array of batteries engineered to survive the difficult climates and terrain your equipment faces.

Our goal is to provide you with the right battery solution for:

- Consistent starting power and reserve capacity for all seasons
- Vibration resistant batteries designed to handle excessive off-road use

Harris Professional Plus offers:

- Flooded lead acid starting and deep cycle batteries
- Provides durable power options for the toughest applications

Meeting today's challenging industry and regulatory demands

Part Number	BCI Group Size	Length (in)	Width (in)	Height (in)	Weight (lbs)	Volts	CCA	RC
