

HARRIS

BATTERY COMPANY

Harris Traction Pack Specifications

Industrial Equipment Manufacturing & Material Handling

Rigorously Tested and Proven

Each TRACTION PACK™ is a system of components providing superior Motive Power Management:

1. Eliminates under-charged and over-charged batteries.
2. Increases the productivity of your motive equipment.
3. Provides flexible and multi-benefit configurations to maximize your ROI

Eliminate Under-Charged Batteries With TRACTION PACK™ Intuitive & Automatic Chargers:

1. Fail-safe operations and opportunity charging advantages.
2. Optimizes battery performance and extends battery life.
3. Maximum restoration of battery amp hour capacity for longer run times
4. Simple to install. Offers no-maintenance and low-maintenance steel case options for Motive Power Equipment.

Solving deep-cycle battery challenges in the Industrial market for over 40 years is why Harris Battery is the go-to company for customized OEM Battery Power Solutions.

Achieve Maximum Equipment Productivity & Save On Battery Costs
